Allogene Therapeutics to Report Second Quarter 2026 Financial Results and Provide Business Update

Aug 4, 2026 at 8:30 AM EDT

- Conference Call and Webcast Scheduled for August 12, 2026 at 2:00 p.m. PT/5:00 p.m. ET

SOUTH SAN FRANCISCO, Calif., Aug. 04, 2026 (GLOBE NEWSWIRE) -- Allogene Therapeutics, Inc. (Nasdaq: ALLO), a clinical-stage biotechnology company pioneering the development of allogeneic CAR T (AlloCAR T) products for cancer and autoimmune disease, today announced that it will report second quarter 2026 financial results and provide a business update on August 12, 2026, after the close of the market. The announcement will be followed by a live audio webcast and conference call at 2:00 p.m. PT/5:00 p.m. ET.

Listen-Only Webcast
The listen-only webcast will be made available on the Company's website at www.allogene.com under the Investors tab in the News and Events section. A replay will be available on the Company's website for approximately 30 days.

Conference Call Registration
If you would like the option to ask a question on the conference call, please use this link to register. Upon registering for the conference call, you will receive a personal PIN to access the call.

About Allogene Therapeutics
Allogene Therapeutics, with headquarters in South San Francisco, is a clinical-stage biotechnology company pioneering the development of allogeneic chimeric antigen receptor T cell (AlloCAR T) products for cancer and autoimmune disease. Led by cell therapy veterans applying proven CAR T experience, Allogene is developing a pipeline of off-the-shelf CAR T cell product candidates with the goal of delivering readily available cell therapy on-demand, more reliably, and at greater scale to more patients. For more information, please visit www.allogene.com, and follow Allogene Therapeutics on X and LinkedIn.

Cautionary Note on Forward-Looking Statements for Allogene
This press release contains forward-looking statements for purposes of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements regarding intentions, beliefs, projections, outlook, analyses or current expectations concerning, among other things Allogene’s ability to develop and deliver readily available allogeneic CAR T products for the treatment of cancer and autoimmune disease on-demand, more reliably, and at greater scale to more patients. Various factors may cause material differences between Allogene’s expectations and actual results, including risks and uncertainties related to our product candidates being based on novel technologies, which makes it difficult to predict the time and cost of product candidate development, the safety or efficacy of a product candidate, and whether a product candidate will receive regulatory approval, which could prevent or delay commercialization. These and other risks are discussed in greater detail in Allogene’s filings with the SEC, including without limitation under the “Risk Factors” heading in its Form 10-Q filed for the quarter ended March 31, 2026. Any forward-looking statements that are made in this press release speak only as of the date of this press release. Allogene assumes no obligation to update the forward-looking statements whether as a result of new information, future events or otherwise, after the date of this press release.
