QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the internet?

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the “Notice”) because the Board of Directors (sometimes referred to as the “Board”) of Allogene Therapeutics, Inc. (sometimes referred to as “we,” “us,” “our,” the “Company” or “Allogene”) is soliciting your proxy to vote at the 2023 Annual Meeting of Stockholders (“Annual Meeting”), including at any adjournments or postponements of the meeting. The Annual Meeting will be held virtually on June 13, 2023 at 8:00 a.m., Pacific Time. You can attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/ALLO2023, where you will be able to listen to the meeting live, submit questions and vote online. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice.

We intend to mail the Notice on April 25, 2023 to all stockholders of record entitled to vote at the Annual Meeting.

Will I receive any other proxy materials by mail?

We may send you a proxy card, along with a second Notice, on or after May 5, 2023.

Why are we holding a virtual Annual Meeting?

This year we have implemented a virtual format for our Annual Meeting, which will be conducted via live audio webcast and online stockholder tools. We believe a virtual format helps to facilitate stockholder attendance and participation by enabling stockholders to participate fully, and equally, from any location around the world at no cost (other than any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies). A virtual Annual Meeting makes it possible for more stockholders (regardless of size, resources or physical location) to have direct access to information more quickly, while saving the Company and our stockholders time and money. We also believe that the online tools we have selected will increase stockholder communication. For example, the virtual format allows stockholders to communicate with us in advance of, and during, the Annual Meeting so they can ask questions of our board of directors or management. During the Annual Meeting, we may answer questions submitted during the Annual Meeting and address those asked in advance, to the extent relevant to the business of the Annual Meeting, as time permits. We do not intend to post questions received during the Annual Meeting on our website.

What do I need to do to attend the Annual Meeting?

You will be able to attend the Annual Meeting online, submit your questions during the meeting and vote your shares electronically at the meeting by visiting www.virtualshareholdermeeting.com/ALLO2023. To participate in the Annual Meeting, you will need the control number included on your Notice or proxy card. The Annual Meeting webcast will begin promptly at 8:00 a.m. Pacific Time on June 13, 2023. We encourage you to access the meeting prior to the start time. Online check-in will begin at 7:45 a.m. Pacific Time, and you should allow ample time for the check-in procedures.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 17, 2023 will be entitled to vote at the Annual Meeting. On this record date, there were 145,781,920 shares of common stock outstanding and entitled to vote. A list of our stockholders of record will be open for examination by any stockholder beginning ten days prior to the Annual Meeting at our headquarters located at 210 East Grand Avenue, South San Francisco, California 94080. If you would like to view the list, please contact our Corporate Secretary to schedule an appointment by calling (650) 457-2700 or writing to him at the address above. In addition, the list will be available for inspection by stockholders on the virtual meeting website during the Annual Meeting.

Stockholder of Record: Shares Registered in Your Name

If on April 17, 2023, your shares were registered directly in your name with Allogene's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote live online at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the proxy card that may be mailed to you or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 17, 2023 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares live at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

- Proposal 1: Election of the Board's four nominees for director named herein to hold office until the 2026 Annual Meeting of Stockholders;
- Proposal 2: Advisory approval of the compensation of the Company's named executive officers, as disclosed in this proxy statement in accordance with SEC rules; and
- Proposal 3: Ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2023.

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote "For" all the nominees to the Board of Directors or you may "Withhold" your vote for any nominee you specify. For each of the other matters to be voted on, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote live online at the Annual Meeting, vote by proxy over the telephone, vote by proxy through the internet or vote by proxy using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote live online even if you have already voted by proxy.

- To vote live at the Annual Meeting, attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/ALLO2023, where stockholders may vote and submit questions during the meeting (have your Notice or proxy card in hand when you visit the website).
- To vote using the proxy card, simply complete, sign and date the proxy card that may be delivered to you and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
- To vote over the telephone, dial toll-free 1-800-690-6903 and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 p.m., Eastern Time, on June 12, 2023 to be counted.
- To vote through the internet, go to www.proxyvote.com and follow the on-screen instructions to complete an electronic proxy card or scan the QR code on your proxy notice with your smartphone. You will be asked to provide the company

number and control number from the Notice. Your internet vote must be received by 11:59 p.m., Eastern Time, on June 12, 2023 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Allogene. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote live online at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

Internet proxy voting is being provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of the close of business on April 17, 2023.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing your proxy card, by telephone, through the internet or live online at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether the New York Stock Exchange (“NYSE”) deems the particular proposal to be a “routine” matter. Brokers and nominees can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of the NYSE, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation), and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposals 1 or 2 without your instructions, but may vote your shares on Proposal 3 even in the absence of your instruction.

If you are a beneficial owner of shares held in street name, in order to ensure your shares are voted in the way you would prefer, you must provide voting instructions to your broker, bank or other agent by the deadline provided in the materials you receive from your broker, bank or other agent.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, (i) “For” the election of the four nominees for director, (ii) “For” the advisory approval of executive compensation, and (iii) “For” the ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2023. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using their best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?*Stockholder of Record: Shares Registered in Your Name*

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to the Company's Secretary at 210 East Grand Avenue, South San Francisco, California 94080.
- You may attend and vote online at the Annual Meeting (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals and director nominations due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 27, 2023, to Attn: Secretary, 210 East Grand Avenue, South San Francisco, California 94080. If you wish to submit a proposal (including a director nomination) at the meeting that is not to be included in next year's proxy materials, you must do so between February 14, 2024 and March 15, 2024. You are also advised to review the Company's Bylaws, which contain additional requirements relating to advance notice of stockholder proposals and director nominations.

In addition, stockholders who intend to solicit proxies in support of director nominees other than our nominees must provide in their notice any additional information required by Rule 14a-19(b) under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for the proposal to elect directors, votes "For," "Withhold" and broker non-votes; with respect to Proposal 2 regarding advisory approval for the compensation of the Company's named executive officers, votes "For," "Against," abstentions and broker non-votes; and for the proposal to ratify the Audit Committee's selection of Ernst & Young LLP as our independent registered public accounting firm, votes "For" and "Against," abstentions and, if applicable, broker non-votes, although we do not expect there to be any broker non-votes for this proposal. Abstentions will be counted towards the vote total for Proposals 2 and 3, and will have the same effect as "Against" votes. Broker non-votes will be counted towards the presence of a quorum but will not be counted towards the vote total for any proposal.

What are "broker non-votes"?

As discussed above, when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by the NYSE to be "non-routine," the broker or nominee cannot vote the shares. These unvoted shares are counted as "broker non-votes."

How many votes are needed to approve each proposal?

For the election of directors, the four nominees receiving the most “For” votes from the holders of shares present or represented by proxy and entitled to vote on the election of directors will be elected. Only votes “For” will affect the outcome.

Proposal 2, advisory approval for the compensation of the Company’s named executive officers, will be considered to be approved if it receives “For” votes from the holders of a majority of shares present at the Annual Meeting or represented by proxy and entitled to vote on the matter. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes, if any, will have no effect.

To be approved, Proposal 3, ratification of the selection of Ernst & Young LLP as the Company’s independent registered public accounting firm for its fiscal year ending December 31, 2023, must receive “For” votes from the holders of a majority of shares present at the Annual Meeting or represented by proxy and entitled to vote on the matter. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes, if any, will have no effect, although we do not expect there to be any broker non-votes for this proposal.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting or represented by proxy. On the record date, there were 145,781,920 shares outstanding and entitled to vote. Thus, the holders of 72,890,961 shares must be present at the meeting or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote live online at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

Proposal 1

Election Of Directors

Our Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

Our Board of Directors currently consists of twelve members. There are four directors in Class II, whose term of office expires at the Annual Meeting: Ms. Deborah Messemer, Dr. Vicki Sato, Mr. Todd Sisitsky and Dr. Owen Witte. The Class II directors have been nominated for re-election at the Annual Meeting.

Ms. Messemer, Dr. Sato, Mr. Sisitsky and Dr. Witte, each current directors of the Company who were appointed as directors by our Board of Directors, were each recommended for nomination to the Board at the Annual Meeting by the Nominating and Corporate Governance Committee of the Board. Since three of the four nominated directors each serve on the Nominating and Corporate Governance Committee, each nominee abstained from the vote on the recommendation by the Nominating and Corporate Governance Committee applicable to him or her. Each nominee for director is to be elected at the Annual Meeting to serve for a three-year term until our 2026 Annual Meeting of Stockholders, and until their successor is duly elected and qualified, or until their earlier death, resignation or removal. It is our policy to invite directors and nominees for director to attend the Annual Meeting. Ten of our eleven then-current directors attended our 2022 Annual Meeting of Stockholders.

Directors are elected by a plurality of the votes of the holders of shares present at the Annual Meeting or represented by proxy and entitled to vote at the Annual Meeting. Accordingly, the four nominees receiving the most "For" votes (among votes properly cast at the Annual Meeting or by proxy) will be elected. If no contrary indication is made, shares represented by executed or authenticated proxies will be voted "For" the election of the four nominees named above or, if any nominee becomes unavailable for election as a result of an unexpected occurrence, "For" the election of a substitute nominee designated by our Board of Directors. Each nominee has agreed to serve as a director if elected and we have no reason to believe that any nominee will be unable to serve.

The Nominating and Corporate Governance Committee seeks to assemble a Board of Directors that, as a whole, possesses the appropriate balance of professional and industry knowledge, financial expertise and high-level management experience necessary to oversee and direct the Company's business. The Nominating and Corporate Governance Committee also seeks to attain diversity and balance among directors of race, gender, geography, thought, viewpoints, and backgrounds. To those ends, the Nominating and Corporate Governance Committee has identified and evaluated nominees in the broader context of the Board of Directors' overall composition, with the goal of recruiting members who complement and strengthen the skills of other members through diversity and who also exhibit integrity, collegiality, sound business judgment and other qualities that the Nominating and Corporate Governance Committee views as critical to effective functioning of the Board of Directors. We discuss our approach to our Board diversity efforts in greater detail in this proxy statement under "Information Regarding the Board of Directors and Corporate Governance—Board Qualifications—Board Diversity" and "Information Regarding the Board of Directors and Corporate Governance—Nominating and Corporate Governance Committee." The brief biographies below include information, as of the date of this proxy statement, regarding the specific and particular experience, qualifications, attributes or skills of each director/nominee that led the Nominating and Corporate Governance Committee to believe that that nominee should continue to serve on the Board. However, each of the members of the Nominating and Corporate Governance Committee may have a variety of reasons why they believe a particular person would be an appropriate nominee for the Board of Directors, and these views may differ from the views of other members.

The following is a brief biography of each nominee, each director whose term will continue after the Annual Meeting and each of our executive officers.

Deborah Messemer, 65, has served as a member of our Board since September 2018. Ms. Messemer has served as a director of TPG Inc. since January 2022 and PayPal Holdings, Inc. since January 2019. Ms. Messemer is a certified public accountant and joined KPMG LLP ("KPMG"), the U.S. member firm of KPMG International, in 1982 and was admitted into the partnership in 1995. Most recently, she served as the Managing Partner of KPMG's Bay Area and Northwest region until her retirement in September 2018. Ms. Messemer spent the majority of her career in KPMG's audit practice as an audit engagement partner serving public and private clients in a variety of industry sectors. In addition to her operational and audit signing responsibilities, she has significant experience in SEC filings, due diligence, initial public offerings, mergers and acquisitions, and internal controls over financial reporting. Ms. Messemer received a bachelor's degree in accounting from the University of Texas at Arlington.

Our Nominating and Corporate Governance Committee and Board of Directors believe Ms. Messemer's expertise in the accounting and finance industry, her experience advising public companies, her experience as a director of other companies, and her education provide her with the qualifications and skills to serve on our Board or Directors.

Vicki Sato, Ph.D., 74, has served as a member of our Board since July 2021. She was a professor of management practice at Harvard Business School from September 2006 to July 2017 and was a professor in the Department of Molecular and Cell Biology at Harvard University from July 2005 until October 2015. Previously, she served as President of Vertex Pharmaceuticals, Inc. ("Vertex"), a publicly-traded biotechnology company, which she joined in 1992. Prior to becoming President of Vertex, she was the Chief Scientific Officer and Senior Vice President of Research and Development. Prior to joining Vertex, Dr. Sato served as Vice President of Research at Biogen Inc. Dr. Sato is a member of the board of directors of the following publicly-traded companies: Denali Therapeutics, Inc. and Vir Biotechnology, Inc. She previously served on the board of directors of Bristol-Myers Squibb Company from July 2006 to May 2021 and BorgWarner, Inc., from February 2014 to April 2021, both publicly-traded companies, as well as Akouos, Inc., from February 2020 to December 2022. Dr. Sato received her A.B. in Biology from Radcliffe College and her A.M. and Ph.D. in Biology from Harvard University. She conducted her postdoctoral work at both the University of California, Berkeley and Stanford Medical Center.

Our Nominating and Corporate Governance Committee and Board of Directors believe that Dr. Sato's expertise and experience in life sciences, her experience as a director of other companies and her educational background provide her with the qualifications and skills to serve on our Board of Directors.

Todd Sisitsky, 51, has served as a member of our Board since April 2018. Mr. Sisitsky is a board member and President of TPG, Inc. and Co-Managing Partner of TPG Capital, TPG's scale private equity business in the U.S. and Europe, and co-leads the firm's investment activities in the healthcare services, pharmaceuticals and medical device sectors. He also serves on the executive committee of TPG Holdings. He has played leadership roles in connection with TPG's investment in us, Adare Pharmaceuticals, Aptalis, Biomet, Exactech, Fenwal, Healthscope, IASIS Healthcare, Immucor, IQVIA Holdings, Inc. (and predecessor companies IMS Health and Quintiles), Par Pharmaceutical, and Surgical Care Affiliates. Mr. Sisitsky currently serves as director of the following additional public companies: Convey Health Solutions, Inc., and IQVIA Holdings, Inc., a public company. Prior to joining TPG in 2003, Mr. Sisitsky worked at Forstmann Little & Company and Oak Hill Capital Partners. He received an MBA from the Stanford Graduate School of Business, where he was an Arjay Miller Scholar, and earned his undergraduate degree from Dartmouth College, where he graduated summa cum laude. Mr. Sisitsky currently serves as the chair of the Dartmouth Medical School board of advisors, and as a board member of Grassroot Soccer.

Our Nominating and Corporate Governance Committee and Board of Directors believe Mr. Sisitsky's expertise and experience in life science investing and the finance industry provide him with the qualifications and skills to serve on our Board of Directors

Owen Witte, M.D., 73, has served as a member of our Board since April 2018. Dr. Witte previously served as a member of the board of directors of Kite Pharma, Inc. ("Kite") from March 2017 until October 2017. Dr. Witte joined the UCLA faculty in 1980, where he is presently a University Professor of microbiology, immunology and molecular genetics, the UCLA David Saxon Presidential Chair in Developmental Immunology and previously served as the director of the Eli and Edythe Broad Center of Regenerative Medicine and Stem Cell Research. Dr. Witte was appointed a University Professor by the University of California Board of Regents, an honor reserved for scholars of the highest international distinction. Dr. Witte is a member of the National Academy of Sciences, the American Academy of Arts and Sciences, and the National Academy of Medicine. Dr. Witte currently serves on several editorial and advisory boards. He previously served on the board of directors for the American Association for Cancer Research. He was appointed by President Obama to the President's Cancer Panel. Dr. Witte holds a bachelor's degree from Cornell University and an M.D. from Stanford University. He completed postdoctoral research at the Massachusetts Institute of Technology.

Our Nominating and Corporate Governance Committee and Board of Directors believe Dr. Witte's expertise and experience in cancer research, his experience in academia and his educational background provide him with the qualifications and skills to serve on our Board of Directors.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of The Board of Directors

As required under the Nasdaq Stock Market ("Nasdaq") listing standards, a majority of the members of a listed company's board of directors must qualify as "independent," as affirmatively determined by its board of directors. The Board consults with the Company's

counsel to ensure that the Board’s determinations are consistent with relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that all of our current directors other than Dr. Beldegrun, Mr. Kazam and Dr. Chang are, and all of our former directors who served during any portion of the last fiscal year were, independent directors within the meaning of the applicable Nasdaq listing standards. In making this determination, the Board found that none of these directors, other than Dr. Beldegrun, Mr. Kazam and Dr. Chang, had a material or other disqualifying relationship with the Company.

Board Leadership Structure

Our Board is currently chaired by Dr. Beldegrun, who has authority, among other things, to call and preside over Board meetings, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Executive Chair has substantial ability to shape the work of the Board. We believe that separation of the positions of Executive Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of our business and affairs. In addition, we have a separate chair for each committee of our Board. The chair of each committee is expected to report periodically to our Board on the activities of their committee in fulfilling their responsibilities as detailed in their respective charters or specify any shortcomings should that be the case.

In addition, Mr. Bonderman serves as our lead independent director. As lead independent director, Mr. Bonderman presides over periodic meetings of our independent directors, serves as a liaison between our Executive Chair and the independent directors and performs such additional duties as set forth in our bylaws and as our Board may otherwise determine and delegate.

Board Qualifications

Experience and Expertise: Our Board is responsible for overseeing our business consistent with their fiduciary duties. This significant responsibility requires highly skilled individuals with various qualities, attributes, and professional experience. We believe the board is well-rounded, with a balance of relevant perspectives and experience, as illustrated in the following chart.

Diversity: We strive to achieve diversity in the broadest sense, including persons diverse in geography, gender, ethnicity, age, and experiences. The overall diversity is an important consideration in the director selection and nomination process. The Nominating and Corporate Governance Committee assesses diversity in connection with the annual nomination process as well as in new director

searches. Our twelve directors range in age from 46 to 80. Three directors self-identify as female, two self-identify as Asian and one self-identifies as African American or Black.

Character: Board members should possess the personal attributes necessary to be an effective director, including unquestioned integrity, sound judgment, a collaborative spirit, and commitment to the Company, our shareholders, and other constituencies.

Role of the Board in Risk Oversight

One of the key functions of our Board of Directors is informed oversight of our risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board of Directors as a whole, as well as through the Audit Committee. The Audit Committee receives reports from management periodically regarding our assessment of risks. In addition, the Audit Committee reports regularly to our Board of Directors, which also considers our risk profile. The Audit Committee and our Board of Directors focus on the most significant risks we face and our general risk management strategies. For instance, the Audit Committee reviews cybersecurity risk, as part of its review of our cybersecurity framework, measures, tools, and compliance, on at least an annual basis. While our Board of Directors oversees our risk management, management is responsible for day-to-day risk management processes. Our Board of Directors expects management to consider risk and risk management in each business decision, to proactively develop and monitor risk management strategies and processes for day-to-day activities and to effectively implement risk management strategies adopted by the Audit Committee and our Board of Directors. We believe this division of responsibilities is the most effective approach for addressing the risks we face and that our Board of Directors' leadership structure, which also emphasizes the independence of our Board of Directors in its oversight of its business and affairs, supports this approach.

Meetings of The Board of Directors

The Board of Directors met five times during the last fiscal year. Each Board member attended at least 75% of the aggregate number of meetings of the Board and of the committees on which they served, held during the portion of the last fiscal year for which they were a director or committee member.

Information Regarding Committees of the Board of Directors

The Board maintains an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and International and Business Development Oversight Committee. The following table provides membership and meeting information for 2022 for each of the foregoing Board committees:

The Board of Directors has determined that each member of each committee, other than Mr. Kazam on the International and Business Development Oversight Committee (a committee that is not required under Nasdaq rules), meets the applicable Nasdaq rules and regulations regarding “independence” and each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), to oversee the Company’s corporate accounting and financial reporting processes and audits of its financial statements. For this purpose, the Audit Committee performs several functions, including, among other things:

- evaluating the performance, independence and qualifications of our independent registered public accounting firm and determining whether to retain our existing independent registered public accounting firm or engage a new independent registered public accounting firm;
- reviewing and approving the engagement of the independent registered public accounting firm to perform audit services and any permissible non-audit services;
- monitoring the rotation of partners of the independent registered public accounting firm on our engagement team as required by law;
- prior to engagement of any independent registered public accounting firm, and at least annually thereafter, reviewing relationships that may reasonably be thought to bear on their independence, and assessing and otherwise taking the appropriate action to oversee the independence of our independent registered public accounting firm;
- reviewing our annual and quarterly financial statements and reports, including the disclosures contained under the caption “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” and discussing the statements and reports with our independent registered public accounting firm and management;
- reviewing, with our independent registered public accounting firm and management, significant issues that arise regarding accounting principles and financial statement presentation and matters concerning the scope, adequacy and effectiveness of our financial controls;
- reviewing with management and our independent registered public accounting firm any earnings announcements and other public announcements regarding material developments;

- establishing procedures for the receipt, retention and treatment of complaints received by us regarding financial controls, accounting or auditing matters and other matters;
- approving the report that the SEC requires in our annual proxy statement;
- reviewing and providing oversight of any related-person transactions in accordance with our related person transaction policy and reviewing and monitoring compliance with legal and regulatory responsibilities, including our code of business conduct and ethics;
- reviewing our major financial risk exposures, including the guidelines and policies to govern the process by which risk assessment and risk management are implemented;
- reviewing on a periodic basis our investment policy; and
- reviewing and evaluating on an annual basis the performance of the Audit Committee and the Audit Committee charter.

In addition, in January 2023, we updated the charter for the Audit Committee to include oversight of our cybersecurity and other information technology risks, controls and procedures, including plans to mitigate cybersecurity risks, plans to respond to data breaches and any specific cybersecurity issues that could affect the adequacy of our internal controls.

The Audit Committee is composed of three directors: Ms. Barrett, Ms. Messemer and Dr. Humer. Ms. Messemer serves as the chair of our Audit Committee. The Board has adopted a written Audit Committee charter that is available to stockholders on the Company’s website at www.allogene.com.

The Board of Directors reviews the Nasdaq listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of the Company’s Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the Nasdaq listing standards).

The Board of Directors has also determined that Dr. Humer and Ms. Messemer each qualify as an “audit committee financial expert,” as defined in applicable SEC rules. The Board made a qualitative assessment of each of Dr. Humer’s and Ms. Messemer’s level of knowledge and experience based on a number of factors, including their respective formal education and experience in financial and executive roles.

Report of the Audit Committee of the Board of Directors*

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2022 with management of the Company. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”) and the SEC. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants’ communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm’s independence. Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

Compensation Committee

The Compensation Committee is composed of three directors: Mr. Bonderman, Mr. DeYoung and Dr. Humer. Mr. Bonderman serves as the chair of the Compensation Committee. All members of the Compensation Committee are independent (as independence is currently defined in Rule 5605(d)(2) of the Nasdaq listing standards). The Board has adopted a written Compensation Committee charter that is available to stockholders on the Company’s website at www.allogene.com.

The functions of the Compensation Committee include, among other things:

- reviewing, modifying and approving (or if it deems appropriate, making recommendations to the full Board regarding) our overall compensation strategy and policies;

- reviewing and making recommendations to the full Board regarding the compensation and other terms of employment of our executive officers;
- reviewing and approving (or if it deems it appropriate, making recommendations to the full Board regarding) performance goals and objectives relevant to the compensation of our executive officers and assessing their performance against these goals and objectives;
- reviewing and approving (or if it deems it appropriate, making recommendations to the full Board regarding) the equity incentive plans, compensation plans and similar programs advisable for us, as well as modifying, amending or terminating existing plans and programs;
- evaluating risks associated with our compensation policies and practices and assessing whether risks arising from our compensation policies and practices for our employees are reasonably likely to have a material adverse effect on us;
- reviewing and making recommendations to the full Board regarding the type and amount of compensation to be paid or awarded to our non-employee board members;
- establishing policies with respect to votes by our stockholders to approve named executive officer compensation as required by Section 14A of the Exchange Act and determining our recommendations regarding the frequency of advisory votes on named executive officer compensation, to the extent required by law;

Compensation Committee Processes and Procedures

Typically, the Compensation Committee meets at least quarterly and with greater frequency if necessary. The agenda for each meeting is usually developed in consultation with the Executive Chair, Chief Executive Officer, Chief People Officer, General Counsel, Secretary and Compensia, Inc. (“Compensia”), the Compensation Committee’s independent compensation consultant. The Compensation Committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information or advice or to otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding his compensation or individual performance objectives. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company. In addition, under the charter, the Compensation Committee has the authority to obtain, at the expense of the Company, advice and assistance from compensation consultants and internal and external legal, accounting or other advisors and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. The Compensation Committee has direct responsibility for the oversight of the work of any consultants or advisers engaged for the purpose of advising the Committee. In particular, the Compensation Committee has the sole authority to retain, in its sole discretion, compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant’s reasonable fees and other retention terms. Under the charter, the Compensation Committee may select, or receive advice from, a compensation consultant, legal counsel or other adviser to the Compensation Committee, other than in-house legal counsel and certain other types of advisers, only after taking into consideration six factors, prescribed by the SEC and Nasdaq, that bear upon the adviser’s independence; however, there is no requirement that any adviser be independent.

During the past fiscal year, after taking into consideration the six factors prescribed by the SEC and Nasdaq that did not raise a conflict of interest, the Compensation Committee engaged Compensia as a compensation consultant. The Compensation Committee requested that Compensia review industry-wide compensation practices and trends to assess the competitiveness of our executive and non-employee director compensation programs.

The Compensation Committee asked Compensia to develop a comparative group of companies and to perform analyses of competitive performance and compensation levels for that group. Compensia also meets with certain members of management and human resources to learn more about the Company's business operations and strategy, key performance metrics and strategic goals, as well as the labor markets in which the Company competes. Compensia ultimately developed recommendations primarily pertaining to our peer group, equity compensation strategy and executive and non-employee director compensation determinations that were presented to the Compensation Committee for its consideration and to the Board for its information. Following an active dialogue with Compensia, the Compensation Committee recommended that the Board approve certain recommendations of Compensia.

Dr. Witte serves as the chair of our Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee believes that the candidates for director, both individually and collectively, have the integrity, experience, judgment, commitment (including having sufficient time to devote to us and level of participation), skills, diversity and expertise appropriate for us. In assessing the directors, both individually and collectively, the Nominating and Corporate Governance Committee considers our current needs, and the needs of the Board of Directors, to maintain a balance of knowledge, experience, capability, race, gender, geography, thought, viewpoints, backgrounds, skills, and expertise. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time.

The Nominating and Corporate Governance Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. Candidates for director nominees are reviewed in the context of the current composition of the Board of Directors, our operating requirements and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee typically considers diversity (including with respect to race, gender, geography, thought, viewpoints, and backgrounds), age, skills and such other factors as it deems appropriate given our current needs and the needs of the Board of Directors, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors' overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. To the extent any search firm is retained to assist the Nominating and Corporate Governance Committee in seeking candidates for the Board, the search firm will be instructed to seek to include diverse candidates in terms of race, gender,

geography, thought, viewpoints, backgrounds, skills, experience, and expertise from, among other areas, professional and academic areas relevant to the Company's area of focus. In addition, the Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board of Directors by majority vote.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board of Directors may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee at the following address: 210 East Grand Avenue, South San Francisco, California 94080, Attn: Secretary, no later than the 90th day and no earlier than the 120th day prior to the one year anniversary of the preceding year's Annual Meeting. Submissions must include, among other things, (1) the name and address of the stockholder on whose behalf the submission is made; (2) number of our shares that are owned beneficially by such stockholder as of the date of the submission; (3) the full name of the proposed candidate; (4) description of the proposed candidate's business experience for at least the previous five years; (5) complete biographical information for the proposed candidate; (6) a description of the proposed candidate's qualifications as a director and (7) any other information required by our Amended and Restated Bylaws. We may require any proposed nominee to furnish such other information as we may reasonably require to determine the eligibility of such proposed nominee to serve as our independent director or that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of such proposed nominee.

The Nominating and Corporate Governance Committee charter can be found on our website at www.allogene.com.

International and Business Development Oversight Committee

Our International and Business Development Oversight Committee consists of Dr. Humer, as chair, and Mr. DeYoung, Mr. Kazam and Dr. Sato. The purpose of the International and Business Development Oversight Committee is to assist our Board of Directors in fulfilling our Board of Directors' responsibilities to (1) oversee our international and business development strategic planning, and (2) review and evaluate any of our specific strategic initiatives, including the risks and opportunities relating to such initiatives. The International and Business Development Oversight Committee charter can be found on our website at www.allogene.com.

Stockholder Communications With The Board Of Directors

The Company's Board has adopted a formal process by which stockholders may communicate with the Board or any of its directors. Stockholders who wish to communicate with the Board may do so by sending written communications addressed to: Attn: Secretary, 210 East Grand Avenue, South San Francisco, California 94080. These communications will be reviewed by the Secretary, who will determine whether the communication is appropriate for presentation to the Board or the relevant director. The purpose of this screening is to allow the Board to avoid having to consider irrelevant or inappropriate communications (such as advertisements, solicitations and hostile communications).

Code of Ethics

The Company has adopted the Code of Business Conduct and Ethics that applies to all officers, directors and employees. The Code of Business Conduct and Ethics is available on the Company's website at www.allogene.com. If the Company makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

Proposal 2

Advisory Vote on Executive Compensation

At our 2020 Annual Meeting of Stockholders, the stockholders indicated their preference that we solicit a non-binding advisory vote on the compensation of our named executive officers, commonly referred to as a “say-on-pay vote,” every year. The Board has adopted a policy that is consistent with that preference. In accordance with that policy, this year, we are again asking the stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company’s named executive officers and the philosophy, policies and practices described in this proxy statement. The compensation of the Company’s named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are performance driven and foster a performance-oriented culture, are strongly aligned with our stockholders’ interests and are consistent with current market practices. Compensation of the Company’s named executive officers is designed to enable the Company to attract and retain talented and experienced executives to lead the Company successfully in a competitive environment.

In light of our performance in 2022, we believe that the compensation paid to our named executive officers was appropriate. In 2022, we overcame a clinical hold on all of our clinical trials and re-initiated our trials; reported updated or preliminary data from our clinical trials at our R&D Showcase in November 2022, providing continued proof-of-concept of allogeneic chimeric antigen receptor (“CAR”) T cell therapy in blood cancers and solid tumors; initiated a potentially pivotal Phase 2 trial for our lead product candidate, ALLO-501A; identified and selected a manufacturing process that was associated with robust clinical performance in Phase 1 for ALLO-501A, a process we call Alloy; launched CAR T Together™, an initiative with leading oncologists focused on accelerating development and clinical trial recruitment for “off-the-shelf” allogeneic cell product candidates; advanced our innovative research; expanded our management team and board of directors; meaningfully reduced attrition; and progressed our joint venture in China, each as further described in the summary of our executive compensation disclosure contained in this proxy statement.

Accordingly, the Board is asking the stockholders to indicate their support for the compensation of the Company’s named executive officers as described in this proxy statement by casting a non-binding advisory vote “FOR” the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.”

Because the vote is advisory, it is not binding on the Board or the Company. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires the vote of the holders of a majority of the shares present at the Annual Meeting or represented by proxy and entitled to vote on the matter at the Annual Meeting. Unless the Board decides to modify its policy regarding the frequency of soliciting advisory votes on the compensation of the Company’s named executive officers, the next scheduled say-on-pay vote will be at the 2024 Annual Meeting of Stockholders.

A Vote “For” Proposal 2.**

Proposal 3

Ratification of Selection of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023 and has further directed that management submit the selection of its independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since its inception in 2017. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, the Audit Committee of the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present at the Annual Meeting or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to ratify the selection of the accounting firm. Abstentions will have the same effect as an "against" vote on this proposal. Broker non-votes, if any, will have no effect, although we do not expect there to be any broker non-votes on this proposal.

All fees described above were pre-approved by the Audit Committee.

Pre-Approval Policies and Procedures.

Pursuant to its charter, the Audit Committee must review and approve, in advance, the scope and plans for the audits and the audit fees and approve in advance (or, where permitted under the rules and regulations of the SEC, subsequently) all non-audit services to be performed by the independent registered public accounting firm that are not otherwise prohibited by law and any associated fees. The Audit Committee may delegate to one or more members of the committee the authority to pre-approve audit and permissible non-audit services, as long as this pre-approval is presented to the full committee at scheduled meetings.

- Eric Schmidt, Ph.D., our Chief Financial Officer;

Executive Summary

2022 Business Highlights. During 2022, we achieved several important business milestones. Most critically, we overcame a significant unexpected regulatory challenge. In October 2021, the FDA placed a hold on our clinical trials. The clinical hold followed our notification to the FDA of a chromosomal abnormality in a patient in the Phase 1/2 clinical trial (“ALPHA2 trial”) of ALLO-501A, which was detected in a bone marrow biopsy undertaken to assess pancytopenia. Investigations concluded that the chromosomal abnormality was unrelated to TALEN gene editing or our manufacturing process and had no clinical significance. The investigation also determined that the abnormality was not detected in any of our manufactured product candidates or in any other patient treated with the same ALLO-501A lot. The abnormality occurred in the patient after the cell product was administered and involved regions of the T cell receptor and immunoglobulin genes known to undergo rearrangement as part of the T cell or B cell maturation process. **The FDA found that we satisfactorily addressed all clinical hold issues and removed the hold in January 2022.**

Several of our other important business milestones include, but are not limited to, the following:

- *Advanced our innovative pipeline:*
 - Re-initiated enrollment post-clinical hold in the ALPHA2 trial of ALLO-501A in patients with relapsed/refractory non-Hodgkin lymphoma, the Phase 1 clinical trial (“UNIVERSAL trial”) of ALLO-715 in patients with relapsed/refractory multiple myeloma, the Phase 1 clinical trial of ALLO-605 (“IGNITE trial”) in patients with relapsed/refractory multiple myeloma and the Phase 1 trial of ALLO-316 (“TRAVERSE trial”) in patients with advanced or metastatic clear cell renal cell carcinoma.
 - Initiated the potentially pivotal Phase 2 portion of the ALPHA2 trial and advanced preparation to initiate the Phase 2 trial (“EXPAND trial”) to assess ALLO-647 and its contribution to the overall benefit to risk ratio of the lymphodepletion regimen for ALLO-501A.
 - Reported updated data for the Phase 1 clinical trial of ALLO-501, the ALPHA2 trial and the UNIVERSAL trial and preliminary data for the TRAVERSE trial at our R&D Showcase in November 2022, providing continued proof-of-concept of allogeneic chimeric antigen receptor (“CAR”) T cell therapy in blood cancers and solid tumors.
 - Identified and selected a manufacturing process that was associated with robust clinical performance in Phase 1 for ALLO-501A. We call this process “Alloy” and are using the Alloy process to manufacture ALLO-501A for the ALPHA2 and EXPAND trials.
 - Progressed next generation technologies to make more potent allogeneic CAR T cells and improve the characteristics of our product candidates. For instance, we are investigating next-generation technologies to control rejection of allogeneic CAR T cells by the patient immune system, such as with our Dagger technology that utilizes an anti-CD70 CAR to kill alloreactive host T cells.
 - Entered into an exclusive collaboration and global license agreement for Antion Bioscience’s miRNA technology (miCAR™) to advance multiplex gene silencing as an additional tool to develop next generation allogeneic CAR T products.

- Obtained FDA designations for advancing the development or any commercialization of our product candidates, including Fast-Track designation for ALLO-316, Regenerative Medicine Advanced Therapy designation for ALLO-501A and Orphan Drug Designation for ALLO-605.
- *Further built-out our capabilities:*
 - Advanced Allogene Overland Biopharm (CY) Limited, our joint venture with Overland Pharmaceuticals (CY) Inc. for the development, manufacturing and commercialization of certain of our product candidates targeting BCMA, CD70, FLT3, and DLL3 in China, Taiwan, South Korea and Singapore. 2022 Executive Compensation Policies and Practices. During 2022, our executive compensation policies and practices included the following:

- *Compensation Committee of Independent Directors.* The Compensation Committee is composed of all independent directors and includes our lead independent director.
- *Annual Compensation Review.* The Compensation Committee undertakes a comprehensive review of compensation of our senior vice presidents and above, including our Named Executive Officers, on an annual basis.
- *Independent Compensation Consultant.* The Compensation Committee engages its own compensation consultant, and reviews its independence from management.
- *Risk Analysis.* We review the structure of our executive compensation program to minimize the risk of inappropriate risk-taking by our executive officers.
- *No Guaranteed Compensation.* Although we have signed employment agreements with each of our Named Executive Officers, these agreements provide for "at will" employment, and none of these agreements provides any guarantees relating to base salary increases or the amounts of any annual incentive awards or long-term equity awards.
- *Multi-Year Vesting.* The equity awards granted to our executive officers generally vest over multi-year periods, consistent with current market practice and our retention objectives.
- *No Special Retirement Benefits.* We do not provide pension arrangements or post-retirement health coverage for our executive officers or employees. Our executive officers and other U.S.-based employees are eligible to participate in our Section 401(k) plan, which is a retirement savings defined contribution plan established in accordance with Section 401(a) of the Internal Revenue Code of 1986 (the "Code"). We currently make matching contributions into the Section 401(k) plan on behalf of participants. We match 100% of eligible contributions up to the first 3% of eligible compensation, with an additional match of 50% on the next 3% (maximum of 4.5%).
- *No Special Health or Welfare Benefits or Perquisites.* Our executive officers participate in broad-based company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees. We generally do not

provide perquisites or other personal benefits to our executive officers other than those we provide to our employees generally.

- **No Tax Reimbursements.** We do not provide any tax reimbursement payments (including “gross-ups”) on any perquisites or other personal benefits.
- **Policy Against Hedging and Speculative Trading and Pledging our Common Stock.** Our insider trading policy prohibits our employees from engaging in “hedging” or other inherently speculative transactions with respect to our common stock or borrowing against our common stock. Specifically, no officer, director, other employee or consultant may engage in short sales, transactions in put or call options, hedging transactions or other inherently speculative transactions with respect to our common stock at any time. In addition, no officer, director, other employee or consultant may margin, or make any offer to margin, or otherwise pledge as security, any of our common stock, including without limitation, borrowing against such stock, at any time.
- **Stock Ownership Guidelines Policy.** The purpose of our Stock Ownership Guidelines Policy is to encourage ownership of our common stock, promote the alignment of the long-term interests of our non-employee directors, Chief Executive Officer, and other executive officers with the long-term interests of our stockholders, and further promote our commitment to sound corporate governance. Under the Guidelines, the target stock ownership level for our President and Chief Executive Officer is six times (6x) his base annual salary, the target stock ownership level for our non-employee directors is five times (5x) their base annual cash retainer and the target stock ownership level for our other executive officers is one times (1x) their base annual salary. Under these Guidelines, the compliance deadline for all of our executive officers and directors is the later of December 2023 and five years from an individual's commencement of employment or appointment to our Board.

2022 Executive Compensation Highlights. Despite the challenge of re-initiating clinical trials after resolving the clinical hold, we made significant progress towards critical clinical, research, manufacturing, and other strategic milestones, as described above. With respect to 2022 compensation decisions, the Compensation Committee and our Board focused on ensuring that a significant portion of the total direct compensation awarded to our Named Executive Officers was performance-based and linked to meeting our long-term strategic plan to create long-term stockholder value.

The substantial majority of our 2022 compensation to Named Executive Officers was in the form of equity incentive awards. We believe that equity incentive awards further our long-term strategic plan to create long-term stockholder value. In recognition of our significant achievements and as a retention measure, the Compensation Committee also granted 2022 annual equity awards to Dr. Schmidt, Dr. Amado, Dr. Moore and Mr. Bhavnagri and our Board granted 2022 annual equity awards to Dr. Chang. The following charts illustrate the portion of compensation attributable to equity incentive awards, annual performance-based cash incentive awards and base salary for our Chief Executive Officer and for our other Named Executive Officers, as a group.

Executive Compensation Philosophy and Overview

Our executive compensation program is intended to meet five principal objectives:

- Enable us to attract, retain and motivate superior talent;
- Link rewards to the achievement of critical strategic priorities;

- Create incentives for our executive officers to further our long-term strategic plan to create long-term stockholder value;
- Provide appropriate levels of risk and reward relative to an executive officer's position with us; and
- Differentiate compensation based on individual performance.

Based on this philosophy, our performance-driven compensation program primarily consists of three components: base salary, annual cash bonus opportunity, and long-term incentive compensation in the form of equity awards. The Compensation Committee has determined that these three components, with the vast majority of target total direct compensation allocated to “at-risk” performance-based incentives through the use of short-term and long-term incentive compensation, best align the interests of our executive officers with those of our stockholders. While it does not have any formal policies for allocating compensation among the three components, the Compensation Committee reviews relevant competitive market data and uses its judgment to determine the appropriate level and mix of compensation on an annual basis to ensure that compensation levels and opportunities are competitive and that we are able to attract and retain capable executive officers to work for our long-term prosperity and stockholder value, without taking unnecessary or excessive risks.

Process for Setting Executive Compensation

We seek to foster a performance-oriented culture, where individual performance is aligned with organizational objectives. To achieve this, we evaluate and reward our executive officers based on their contributions to the achievement of annual goals and objectives set early in the year. Performance is reviewed at least annually through processes discussed further below, with a focus on our research, clinical, regulatory, financial and operational performance, and in view of economic and financial conditions affecting the performance period. In addition, the Compensation Committee and our Board considered the positive results of the shareholder advisory vote on executive compensation held in 2022, where over 93% of votes cast voted in favor of, and concluded our approach to compensation for named executive officers was appropriate.

Role of the Compensation Committee

The Compensation Committee reviews and approves our executive compensation philosophy, objectives and methods, evaluates our performance and the performance of our executive officers, and either approves executive compensation or makes recommendations for ratification by our Board members. Please see “Information Regarding Committees of our Board of Directors—Compensation Committee—Compensation Committee Processes and Procedures” for additional information.

Awards of performance-based compensation for the previous year are typically made at the last-scheduled Compensation Committee meeting of the year or first-scheduled meeting of the following year. Adjustments to the base salaries of our Named Executive Officers, if any, are also typically made at the last-scheduled Compensation Committee meeting of the year or first-scheduled meeting of the following year. The Compensation Committee typically reviews annual equity awards in the first quarter of the year.

Role of Management

In making compensation decisions, the Compensation Committee considers the recommendations of our Chief Executive Officer, with input from our Executive Chair, Chief People Officer, General Counsel and Secretary. Our Chief Executive Officer, Dr. Chang, makes recommendations to the Compensation Committee with respect to our executive officers, but is not present and does not participate in the deliberations or determination of his own compensation. The Compensation Committee may review and approve the corporate objectives and goals pursuant to the powers delegated under its charter. Dr. Chang annually leads the development of our corporate objectives and goals, which are typically reviewed and approved by the Compensation Committee and then our Board. Dr. Chang provided our business and operations perspective for the Compensation Committee’s final review of progress made on the goals set for 2022. Other than as described above, no other executive officers participate in the determination or recommendation of the amount or form of executive officer compensation.

Role of Compensation Consultant

The Compensation Committee is authorized to engage a compensation consultant or other advisors to review our executive officers’ compensation, including preparing an analysis against the compensation of executive officers at comparable companies, to ensure that our compensation is market competitive, with the goal of retaining and adequately motivating our senior management. During 2022, the Compensation Committee engaged Compensia to make recommendations for updating our compensation peer group, and to review and make recommendations regarding our equity plan and executive and director compensation for 2022. Compensia was invited to attend Compensation Committee meetings where they presented and discussed their analysis and findings. For 2022, with the assistance of Compensia, the Compensation Committee updated our compensation peer group, described below in the section entitled “Peer Companies and Market Compensation Data.”

On an annual basis since 2018 and most recently in September 2022, the Compensation Committee analyzed whether the work of Compensia as a compensation consultant has raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our Company by Compensia; (ii) the amount of fees from our Company paid to Compensia as a percentage of the firm's total revenue; (iii) Compensia's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Compensia or the individual compensation advisors employed by the firm with an executive officer of our Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (vi) any stock of our Company owned by the individual compensation advisors employed by Compensia. The Compensation Committee determined, based on its analysis of the above factors, that the work of Compensia and the individual compensation advisors employed by Compensia has not raised any conflict of interest and the Compensation Committee is satisfied with the independence of Compensia.

Peer Group and Market Compensation Data

When making compensation decisions, the Compensation Committee reviews the compensation of similarly-situated executive officers at companies that we consider to be our peers, taking into consideration the experience, position and functional role, level of responsibility and uniqueness of applicable skills of both our executive officers and those of our peers, and the demand and competitiveness for attracting and retaining an individual with each executive officer's specific expertise and experience in the biotechnology industry. While this analysis is helpful in determining market-competitive compensation for senior management, leading to better attraction and retention of top-quality executive officers, it is only one factor in determining our executive officers' compensation, and the Compensation Committee exercises its judgment in determining the nature and extent of its use.

With the assistance of its compensation consultant, and after taking into consideration such factors as product development stage, market capitalization, acquisitions, number of employees and public status, the following companies were selected and approved by the Compensation Committee in September 2021 to comprise our compensation peer group:

Acceleron Pharma	Agios Pharmaceuticals	Beam Therapeutics
bluebird bio	CRISPR Therapeutics	Editas Medicine
Fate Therapeutics	Global Blood Therapeutics	IGM Biosciences
Instil Bio	Intellia Therapeutics	Iovance Biotherapeutics
Lyell Immunopharma	Mirati Therapeutics	Nektar Therapeutics
Rubius Therapeutics	Sana Biotechnology	Sorrento Therapeutics
SpringWorks Therapeutics	Turning Point Therapeutics	Ultragenyx Pharmaceutical
Xencor		

The Compensation Committee reviews the compensation peer group periodically to reflect changes in market capitalization and other factors, including number of employees, acquisitions and product development stage, and revises the companies included in the peer group accordingly. In this regard, the peer group was revised and approved by the Compensation Committee in September 2022 to consist of:

Agios Pharmaceuticals	Beam Therapeutics	Celldex Therapeutics*
CRISPR Therapeutics	Editas Medicine	Fate Therapeutics
Global Blood Therapeutics	IGM Biosciences	ImmunityBio*
Intellia Therapeutics	Iovance Biotherapeutics	Lyell Immunopharma
Mirati Therapeutics	Nektar Therapeutics	Sana Biotechnology
Sorrento Therapeutics	SpringWorks Therapeutics	Turning Point Therapeutics
Ultragenyx Pharmaceutical	Xencor	

*New for 2022

Executive Compensation Program and Compensation Decisions for the Named Executive Officers

The components of our executive compensation program in 2022 were as follows:

Annual Base Salary

The base salaries of our executive officers are designed to compensate them for day-to-day services rendered during the fiscal year. Appropriate base salaries are used to recognize the experience, skills, knowledge and responsibilities required of each executive

officer and to allow us to attract and retain individuals capable of leading us to achieve our business goals in competitive market conditions.

The base salaries of our executive officers are reviewed at least annually by the Compensation Committee and adjustments are made to reflect Company and individual performance, as well as competitive market practices. The Compensation Committee also takes into account subjective performance criteria, such as an executive officer's ability to lead, organize and motivate others, develop the skills necessary to mature with us, set realistic goals to be achieved in their respective area, and recognize and pursue new business opportunities that enhance our growth and success. The Compensation Committee does not apply specific formulas to determine increases, but instead makes an evaluation of each executive officer's contribution to our long-term success. Annual adjustments to base salaries are effective as of January 1 of each year, with mid-year adjustments to base salaries made under special circumstances, such as promotions, retention measures or an increase in responsibilities.

The 2022 annual base salaries for our Named Executive Officers were as follows:

Name	2022 Base Salary (\$)
David Chang, M.D., Ph.D.	724,000
Eric Schmidt, Ph.D.	490,000
Rafael Amado, M.D.	615,000
Alison Moore, Ph.D.	490,000
Veer Bhavnagri	480,000

In January 2023, the Compensation Committee reviewed the annual base salary and target annual cash bonus opportunity of Dr. Chang, Dr. Schmidt, Dr. Moore and Mr. Bhavnagri. The Compensation Committee recommended no changes to Dr. Chang's annual base salary and target annual cash bonus opportunity for 2023, and the Board did not approve of any changes based on the Compensation Committee's recommendation. The Compensation Committee also approved no changes to the annual base salary and target annual cash bonus opportunity for Dr. Schmidt, Dr. Moore and Mr. Bhavnagri.

Annual Cash Bonus Opportunity

Our Named Executive Officers are eligible to receive annual performance-based cash bonuses, which are designed to provide appropriate incentives to our executive officers to achieve pre-established annual corporate goals and to reward them for individual performance towards these goals. The annual performance-based cash bonus each current Named Executive Officer is eligible to receive is generally based on the extent to which we achieve the corporate goals that our Board establishes each year. At the end of the year, our Board and the Compensation Committee review our performance and approve the extent to which we achieved each of these annual corporate goals. Generally, our Board and the Compensation Committee, as applicable, will assess each Named Executive Officer's individual contributions towards reaching our annual corporate goals but does not typically establish specific individual goals for our Named Executive Officers.

For 2022, the target annual cash bonus opportunity of Dr. Chang was set at 65% of his annual base salary and the target annual cash bonus opportunities for each of Dr. Amado, Dr. Schmidt, Dr. Moore and Mr. Bhavnagri was set at 45% of each Named Executive Officer's annual base salary. Our Board and the Compensation Committee may award above-target bonuses, which were limited in 2022 to 140% of the target annual cash bonus opportunities, for extraordinary performance as measured against pre-established stretch goals.

The corporate goals used in our 2022 annual cash bonus plan were proposed by management, and reviewed and approved by the Compensation Committee and our Board. Our Board considered and assigned a relative weight to each corporate goal to appropriately focus efforts on achievements that were intended to enhance stockholder value.

Our core corporate goals for 2022 and the relative weighting of each corporate goal were as follows:

- Initiate Phase 2 clinical trial of ALLO-501A with utilization of product manufactured at our manufacturing facility in Newark, California (weighted at 35%);
- Initiate the EXPAND trial for ALLO-647 (weighted at 15%);
- Enable Phase 2 decision for ALLO-715 and/or ALLO-605 based on Phase 1 clinical trial data (weighted at 20%);
- Complete dose escalation in ALLO-316 Phase 1 clinical trial in Renal Cell Carcinoma (weighted at 20%);
- Reduce attrition from 2021 by at least 15% (weighted at 10%).

Our Board also established additional, or stretch, corporate goals to complete by the end of 2022 as follows:

- Initiate an additional Phase 2 clinical trial for ALLO-501A (weighted at 10%);
- Initiate an ALLO-316 Phase 1 clinical trial in a second indication (weighted at 10%);
- Nominate a next-generation product candidate (weighted at 10%); and
- Raise at least a certain amount of capital (weighted at 10%).

In November 2022, our Board reviewed our 2022 corporate goals and gave feedback to the Compensation Committee and management for further discussion and review. Our Board and the Compensation Committee did not approve any annual bonus payment prior to assessing the status of performance in January 2023.

In January 2023, the Compensation Committee and our Board awarded partial (30%) credit to the first corporate goal, as we initiated the Phase 2 clinical trial for ALLO-501A, but did so using the Alloy process that was manufactured at our CMO. This decision to move forward with the Alloy process from our CMO was based on clinical data and was made to give the Company and patients a higher probability of success for the Phase 2 trial. While we made progress towards activating the EXPAND trial, zero credit was attributed to the second corporate goal as we did not initiate the EXPAND trial. The Compensation Committee and our Board awarded partial (15%) credit to the third corporate goal, as we were able to assess the ALLO-715 data presented at our R&D Showcase, which has shown promise to be a viable commercial product, but ultimately led to the decision to focus on optimizing manufacturing prior to initiating the Phase 2 trial. They also awarded partial (15%) credit to the fourth corporate goal, as we completed the majority of the dosing in the ALLO-316 Phase 1 dose escalation trial.

The Compensation Committee and our Board awarded full credit to the fifth corporate goal as our voluntary attrition rate fell from approximately 22% in 2021 to approximately 12% in 2022. We believe the significant decline in our attrition reduced management distraction and related costs, strengthened our culture and allowed us to achieve a substantial portion of our other operational goals. The Compensation Committee and our Board awarded credit to the third stretch goal, but no credit to the other three stretch goals, which were not achieved.

As a result, the Compensation Committee approved awarding Dr. Schmidt, Dr. Moore and Mr. Bhavnagri 80% of their respective target annual cash bonus opportunity for 2022, and recommended and our Board approved awarding Dr. Chang 80% of his target annual cash bonus opportunity for 2022. Due to Dr. Amado's resignation on December 30, 2022, he did not receive any of his annual cash bonus opportunity. The 2022 annual bonus payments are summarized in the table below.

Name	2022 Annual Cash Bonus (\$)
David Chang, M.D., Ph.D.	376,480
Eric Schmidt, Ph.D.	176,400
Rafael Amado, M.D.	—
Alison Moore, Ph.D.	176,400
Veer Bhavnagri	172,800

Long-Term Incentive Compensation

We provide long-term incentive compensation to our executive officers through the grant of equity awards. We believe that equity awards create incentives for our executive officers to further our long-term strategic plan to create long-term stockholder value. We also believe equity awards create an ownership culture. In addition, the vesting requirements of our equity awards contributes to executive retention by providing an incentive to our executive officers to remain employed by us during the vesting period.

Generally, significant equity awards are granted at the time an executive officer commences employment. Thereafter, equity awards may be granted at varying times and in varying amounts in the discretion of the Compensation Committee or, if awards are being granted to our Chief Executive Officer, in the discretion of our Board, but are generally made once a year unless such executive officer is promoted, or for recognition of outstanding performance. None of our executive officers is currently party to an employment agreement that provides for an automatic grant of stock options or other equity awards.

Historically, we have granted equity awards to our executive officers in the form of options to purchase shares of our common stock. In March 2019, the Compensation Committee determined that an increasing number of companies in our compensation peer group grant full value awards, such as restricted stock unit ("RSU") awards and, therefore, decided that RSU awards should be added to our

executive compensation program to attract and retain highly qualified executive officers. In this regard, while both stock options and RSU awards enable our executive officers to benefit, like stockholders, from any increases in the value of our common stock, stock options deliver future value only if the value of our common stock increases above the exercise price. In contrast, RSU awards deliver fully paid shares of our stock upon vesting, so, during periods of stock market volatility, RSU awards help retain employees. In addition, full value awards, such as RSU awards, are less dilutive to existing stockholders since fewer shares are needed to achieve an equivalent value relative to stock options.

The exercise price of our stock options is equal to the fair market value (our closing market price on the Nasdaq Global Select Market) of our common stock on the date of grant. Our stock options generally vest as to 1/4th of the shares subject to the option upon the first anniversary of the grant date and 1/36th of the remaining shares each month thereafter until such award is fully vested on the four year anniversary of the grant date, subject to vesting acceleration as described under the heading “—Potential Payments Upon Termination or Change of Control” below. The RSU awards granted to our Named Executive Officers in 2022 generally vest in four equal annual installments from the grant date, subject to vesting acceleration as described under the heading “—Potential Payments Upon Termination or Change of Control” below. The other terms of the equity awards are governed by our 2018 Equity Incentive Plan, as amended (the “EIP”).

We have granted and may continue to grant RSU awards that vest upon performance conditions to select executive officers in order to incentivize meeting specific strategic goals, although we did not do so during 2022.

The vesting schedule and the number of shares of our common stock granted are established to ensure a meaningful incentive to remain in our employ. Accordingly, the stock award will provide a return to the employee only if the employee remains in our service, and, in the case of the stock option component, only if the market price of our common stock appreciates over the option term.

In March 2022, the Compensation Committee granted our Named Executive Officers, and recommended a grant to our Chief Executive Officer that was approved by our Board, options to purchase shares of our common stock and RSU awards that may be settled for shares of our common stock over a four year time-based vesting schedule described above. In determining the number of shares of our common stock subject to the stock options and RSU awards granted to the Named Executive Officers, the Compensation Committee determined the value of overall annual equity awards, and allowed the Named Executive Officers to provide input on their appropriate award mix, with the Committee mandating a minimum of 50% in stock option awards. The minimum for stock options was based in part on an analysis of competitive market data prepared by the Compensation Committee’s compensation consultant and the Compensation Committee’s desire to tie a significant amount of the equity compensation program to stockholder value creation with stock options. Dr. Chang and Dr. Moore were awarded 100% stock options by the Board and Compensation Committee, respectively, and Dr. Amado, Dr. Schmidt and Mr. Bhavnagri were awarded a mix of 50% stock options and 50% RSUs by the Compensation Committee. Values are based on the accounting “fair value” as reflected in our Summary Compensation Table. The Compensation Committee also considered the equity awards granted to the executives holding comparable positions at the companies in our compensation peer group, as well as each Named Executive Officer’s existing equity holdings, level of responsibility and criticality, unvested status of existing equity holdings, and its subjective assessment of each Named Executive Officer’s individual performance and our overall company performance.

The equity awards granted to our Named Executive Officers during 2022 were as follows:

Name	Options to Purchase Shares of Our Common Stock (#)	RSU Awards for Shares of Our Common Stock (#)	Equity Awards (Aggregate Grant Date Fair Value)
David Chang, M.D., Ph.D.	2,195,512	—	\$13,697,357
Eric Schmidt, Ph.D.	368,589	237,358	\$4,599,552
Rafael Amado, M.D.	368,589	237,358	\$4,599,552
Alison Moore, Ph.D.	737,179	—	\$4,599,111
Veer Bhavnagri	272,435	175,438	\$3,399,661

Health and Welfare Benefits

Our Named Executive Officers, during their employment with us, are eligible to participate in our employee benefit plans, including our medical, dental, group term life, disability and accidental death and dismemberment insurance plans, in each case on the same basis as all of our other employees. In addition, we provide a Section 401(k) plan to our employees, including our Named Executive Officers, as discussed in the section below entitled “—Section 401(k) Plan.”

Section 401(k) Plan

We maintain a defined contribution employee retirement savings plan (the “401(k) Plan”), for our employees. Our executive officers are eligible to participate in the 401(k) Plan on the same basis as our other employees. The 401(k) Plan is intended to qualify as a tax-qualified plan under Section 401(a) of the Code. The 401(k) Plan provides that each participant may contribute up to the lesser of 100% of compensation or the statutory limit, which was \$20,500 for calendar year 2022. Participants that are 50 years or older can also make “catch-up” contributions, which in calendar year 2022 may have been up to an additional \$6,500 above the statutory limit. We currently make matching contributions into the 401(k) Plan on behalf of participants. We match 100% of eligible contributions up to the first 3% of eligible compensation, with an additional match of 50% on the next 3% (maximum of 4.5%). Participant contributions are held and invested, pursuant to the participant’s instructions, by the plan’s trustee.

Perquisites and Other Personal Benefits

We generally do not provide perquisites or personal benefits to our Named Executive Officers. We do, however, pay a portion of the premiums for medical, dental, group term life, disability and accidental death and dismemberment insurance for all of our full-time employees. Our Board may elect to adopt qualified or nonqualified benefit plans in the future if it determines that doing so is in our best interests.

In 2020, we paid \$83,256 to cover the Hart-Scott-Rodino (“HSR”) filing fees for Dr. Chang, which included a tax “gross-up” payment to cover the imputed income associated with this payment. The filing and the associated filing fee were triggered by regulatory requirements because Dr. Chang’s total holdings of our common stock were above a specified value. Our Compensation Committee and Board determined it appropriate to pay the HSR filing fees and associated taxes that arose solely as a result of the price appreciation in shares accumulated by Dr. Chang over a long period of time during which he had made substantial contributions toward such appreciation, and recognizing that our Board and Compensation Committee encourages him to hold our shares for alignment with stockholders’ interests. Our Board and Compensation Committee considers this reimbursement to be business related for the above reasons, even though the HSR filing fee is personally attributable to the individual executive. No HSR filing fees were due or paid in 2021 or 2022.

Post-Employment Compensation

Our Named Executive Officers are entitled to certain severance and change of control payments and benefits pursuant to our change in control and severance benefit plan (the “Plan”), as described in more detail below in the section entitled “—Potential Payments Upon Termination or Change of Control.” The Plan provides for a combination of a lump-sum cash severance payment, continued health benefits and acceleration of vesting on outstanding equity awards in specified circumstances. Acceleration of vesting is subject to a “double trigger” arrangement, meaning that vesting acceleration occurs only in the event of a change of control of the Company in connection with or followed by a termination of employment without cause by us, or with good reason by the Named Executive Officer.

Given the industry in which we participate and the range of strategic initiatives that we may explore, we believe these arrangements are an essential element of our executive compensation program and assist us in recruiting and retaining talented individuals. In addition, since we believe it may be difficult for our executive officers to find comparable employment following an involuntary termination of employment in connection with or following a change of control of the Company, these payments and benefits are intended to ease the consequences to an executive officer of an unexpected termination of employment. By establishing these payments and benefits, we believe we can mitigate the distraction and loss of executive officers that may occur in connection with rumored or actual fundamental corporate changes and thereby protect stockholder interests while a transaction is under consideration or pending.

Compensation Recovery Policy

We intend to adopt a general compensation recovery, or “clawback,” policy covering our long-term and any future short-term incentive award plans and arrangements once The Nasdaq Stock Market LLC adopts an SEC-approved listing standard that complies with Exchange Act Rule 10D-1.

Accounting and Tax Considerations

Under Financial Accounting Standard Board ASC Topic 718, or ASC Topic 718, we are required to estimate and record an expense for each share-based payment award (including stock options) over the vesting period of the award. We record share-based compensation expense on an ongoing basis according to ASC Topic 718. The Compensation Committee has considered, and may in the future consider, the grant of performance-based or other types of stock awards to our executive officers in lieu of or in addition to stock options and RSU awards in light of the accounting impact of ASC Topic 718 and other considerations.

Compensation paid to each of the Company’s “covered employees” in excess of \$1 million per taxable year generally will not be deductible unless it qualifies for (i) certain grandfathered exceptions (including the “performance-based compensation” exception) for certain compensation paid pursuant to a written binding contract in effect on November 2, 2017 and not materially modified on or after such date or (ii) the reliance period exception under Section 162(m) for certain compensation paid by corporations that became publicly held on or before December 20, 2019.

Although the Compensation Committee will continue to consider tax implications as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to provide compensation for our Named Executive Officers in a manner consistent with the goals of our executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m). The Compensation Committee also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the Company’s business needs.

Risk Assessment Concerning Compensation Practices and Policies

The Compensation Committee annually reviews our compensation policies and practices to assess whether they encourage our employees to take inappropriate risks. After reviewing each of our compensation plans, and the checks and balances built into, and oversight of, each plan, in January 2022 the Compensation Committee determined that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company as a whole. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks and, as described above under the heading “Compensation Discussion and Analysis,” significant compensation decisions, and decisions concerning the compensation of our executive officers, include subjective considerations by the Compensation Committee or our Board, which restrain the influence of formulae or objective factors on excessive risk taking. Finally, the mix of short-term compensation (in the form of base salary and annual cash bonus, if any), and long-term incentive compensation (in the form of stock options and RSU awards) also prevents undue focus on short-term results and helps align the interests of our executive officers with the interests of our stockholders.

Compensation Committee Interlocks and Insider Participation

As noted above, the Compensation Committee consists of David Bonderman, Franz B. Humer and John DeYoung. None of the members of the Compensation Committee during 2022 has at any time been our officer or employee. None of the members of the Compensation Committee during 2022 had a relationship that must be described under the SEC rules relating to disclosure of related person transactions. CEO Pay Ratio

Our compensation and benefits philosophy and the overall structure of our compensation and benefit programs are broadly similar across the organization. We strive to provide pay, benefits, and services that are competitive to market and create incentives to attract and retain employees. Our compensation package includes market-competitive pay, broad-based stock grants, health care and 401(k) plan benefits, paid time off and family leave, among others. We also provide annual incentive bonus opportunities that are tied to both company performance as well as individual performance to foster a pay-for-performance culture.

Under rules adopted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required to calculate and disclose the total compensation paid to our median paid employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to our Chief Executive Officer (the "CEO Pay Ratio"). The paragraphs that follow describe our methodology and the resulting CEO Pay Ratio.

Measurement and Methodology

We identified the median employee using our employee population on December 31, 2022 (including all employees, whether employed on a full-time or part-time basis).

Under the relevant rules, we were required to identify the median employee by use of a “consistently applied compensation measure,” or CACM. We chose a CACM that closely approximates the total annual direct compensation of our employees. Specifically, we identified the median employee by looking at annual base pay, awarded annual cash incentive opportunity, and the grant date fair value for equity awards granted as of December 31, 2022 for all active employees as of that date. The value of our 401(k) plan and health and welfare benefits provided was excluded as all employees, including the Chief Executive Officer, are offered the same benefits. We did not perform adjustments to the compensation paid to part-time employees to calculate what they would have been paid on a full-time basis.

After applying our CACM methodology, we identified the median employee. Once the median employee was identified, we calculated the median employee’s annual target total direct compensation in accordance with the requirements of the Summary Compensation Table.

Pay Ratio

Our median employee compensation as calculated using Summary Compensation Table requirements was \$230,956. Our Chief Executive Officer’s compensation as reported in the Summary Compensation Table was \$14,797,837. Therefore, our CEO Pay Ratio is approximately 64:1.

This information is being provided for compliance purposes and is a reasonable estimate calculated in a manner consistent with SEC rules, based on our internal records and the methodology described above. The pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios. Neither the Compensation Committee nor management of the Company used the CEO Pay Ratio measure in making compensation decisions.

PAY VERSUS PERFORMANCE

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive "compensation actually paid" and certain financial performance of our company. Use of the term "compensation actually paid" is required by the SEC's rules and as a result of the calculation methodology required by the SEC, such amounts differ from compensation actually received by the individuals and the compensation decisions described in the "Compensation Discussion and Analysis" section above.

For the most recently completed fiscal year, we did not use any "financial performance measures" as defined Item 402(v) of Regulation S-K to link compensation paid to our named executive officers. Accordingly, we have omitted the tabular list of financial performance measures and the table below does not include a column for a "Company-Selected Measure" as defined in Item 402(v) of Regulation S-K. For further information regarding our compensation philosophy and how we seek to align executive compensation with the Company's performance, refer to "Executive Compensation—Compensation Discussion and Analysis."

- (a) The grant date fair value of equity awards represents the total of the amounts reported in the "Option Awards" columns in the Summary Compensation Table for the applicable year.
- (b) The equity award adjustments for each applicable year include the addition (or subtraction, as applicable) of the following: (i) the year-end fair value of any equity awards granted in the applicable year that are outstanding and unvested as of the end of the year; (ii) the amount of change as of the end of the applicable year (from the end of the prior fiscal year) in fair value of any awards granted in prior years that are outstanding and unvested as of the end of the applicable year; (iii) for awards that are granted and vest in same applicable year, the fair value as of the vesting date; (iv) for awards granted in prior years that vest in the applicable year, the amount equal to the change as of the vesting date (from the end of the prior fiscal year) in fair value; (v) for awards granted in prior years that are determined to fail to meet the applicable vesting conditions during the applicable year, a deduction for the amount equal to the fair value at the end of the prior fiscal year; and (vi) the dollar value of any dividends or other earnings paid on stock or option awards in the applicable year prior to the vesting date that are not otherwise reflected in the fair value of such award or included in any other component of total compensation for the applicable year. The valuations were performed using the Black-Sholes option pricing model or the lattice option pricing model. The valuation assumptions used to calculate fair values did not materially differ from those disclosed at the time of grant. The amounts deducted or added in calculating the equity award adjustments are as follows:

Year	Year End Fair Value of Outstanding and Unvested Equity Awards Granted in the Year (\$)	Year over Year Change in Fair Value of Outstanding and Unvested Equity Awards Granted in Prior Years (\$)	Fair Value as of Vesting Date of Equity Awards Granted and Vested in the Year (\$)	Year over Year Change in Fair Value of Equity Awards Granted in Prior Years that Vested in the Year (\$)	Fair Value at the End of the Prior Year of Equity Awards that Failed to Meet Vesting Conditions in the Year (\$)	Total Equity Award Adjustments (\$)

- (3) The dollar reported in column (d) represent the average of the amounts reported for our company's named executive officers as a group (excluding Dr. Chang) in the "Total" column of the Summary Compensation Table in each applicable year. The names of each of the named executive officers (excluding Dr. Chang) included for purposes of calculating the average amounts in each applicable year are as follows: for 2022, 2021 and 2020, Dr. Schmidt, Dr. Amado, Dr. Moore and Mr. Bhavnagri.
- (4) The dollar amounts reported in column (e) represent the average amount of "compensation actually paid" to the named executive officers as a group (excluding Dr. Chang), as computed in accordance with Item 402(v) of Regulation S-K. The dollar amounts do not reflect the actual average amount of compensation earned by or paid to the named executive officers as a group (excluding Dr. Chang) during the applicable year. In accordance with the requirements of Item 402(v) of Regulation S-K, the following adjustments were made to average total compensation for the named executive officers as a group (excluding Dr. Chang) for each year to determine the compensation actually paid, using the same methodology described above in Note (2):

Year	Average Reported Summary Compensation Table Total for Non-PEO NEOs (\$)	Average Reported Value of Equity Awards (\$)	Average Equity Award Adjustments ^(a) (\$)	Average Compensation Actually Paid to Non-PEO NEOs (\$)
2022	4,967,452	(4,299,469)	(1,041,980)	(373,997)

- (5) Cumulative TSR is calculated by dividing the sum of the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and the difference between our company's share price at the end and the beginning of the measurement period by our company's share price at the beginning of the measurement period. No dividends were paid on stock or option awards in 2020, 2021 or 2022.
- (6) Represents the weighted peer group TSR, weighted according to the respective companies' stock market capitalization at the beginning of each period for which a return is indicated. The peer group used for this purpose is the following published industry index: NASDAQ Biotechnology Index.
- (7) The dollar amounts reported represent the amount of net income (loss) reflected in our consolidated audited financial statements for the applicable year.

Analysis of the Information Presented in the Pay Versus Performance Table

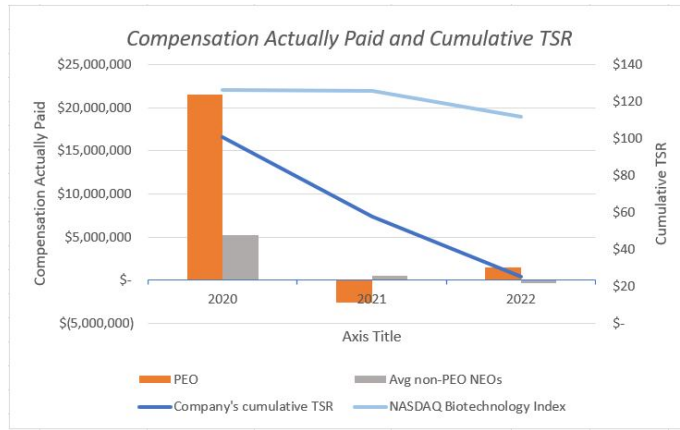

We generally seek to incentivize long-term performance, and therefore do not specifically align our performance measures with “compensation actually paid” (as computed in accordance with Item 402(v) of Regulation S-K) for a particular year. In accordance with Item 402(v) of Regulation S-K, we are providing the following descriptions of the relationships between information presented in the Pay Versus Performance table.

Compensation Actually Paid and Net Income (Loss)

Because we are a clinical-stage company, we did not have any product-based revenue during the periods presented. Consequently, we have not historically looked to net income (loss) as a performance measure for our executive compensation program. We also expect and have experienced higher net losses over time as we progress the development of our product candidates through clinical trials. Moreover, as a pre-commercial stage company with only limited, nonrecurring revenue associated with collaborations, we do not believe there is any meaningful relationship between our net loss and compensation actually paid to our NEOs during the periods presented.

Compensation Actually Paid and Cumulative TSR

The chart below shows the relationship between compensation actually paid to our PEO, the average of compensation actually paid to our non-PEO NEOs, and the Company's cumulative TSR over the three most recently completed fiscal years.

Cumulative TSR of the Company and Cumulative TSR of the Peer Group

The chart below shows the relationship between the Company's three-year cumulative TSR to the three-year cumulative TSR of the companies in NASDAQ Biotechnology Index.

All information provided above under the "Pay Versus Performance" heading will not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent the Company specifically incorporates such information by reference.

For a discussion of valuation assumptions, see Note 10 “Stock-based Compensation” to our financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2022. These amounts do not reflect the actual economic value that will be realized by the directors upon the vesting of the stock options, the exercise of the stock options, or the sale of the common stock underlying such stock options. As of December 31, 2022, the aggregate number of shares outstanding under all option awards held by our non-employee directors were: Ms. Barrett: 134,455; Dr. Belldegrun: 1,852,689; Dr. Humer: 183,750; Dr. Mayo: 54,487; Ms. Messemer: 351,750; Dr. Sato: 70,227; and Dr. Witte: 89,575.

Bellco is owned by Dr. Belldegrun, as co-trustee of the Belldegrun Family Trust, and Dr. Rebecka Belldegrun, as co-trustee of the Belldegrun Family Trust. For Mr. Kazam, amount shown represents consulting fees paid to Two River, LLC (“Two River”) in 2022. Mr. Kazam provides consulting services to us through Two River and is a venture partner of Two River. For more information, see description of our consulting arrangement with Bellco and Two River below under “Transactions With Related Persons—Consulting Arrangements”. For Dr. Witte, amount shown represents \$35,000 in fees earned in connection with Dr. Witte's services on our scientific advisory board.

We have reimbursed and will continue to reimburse all of our non-employee directors for their travel, lodging and other reasonable expenses incurred in attending meetings of our Board of Directors and committees of our Board of Directors, and will pay for the travel, lodging and other reasonable expenses incurred by our employee directors to attend meetings of our Board of Directors and, as applicable, committees of our Board of Directors.

Executive Chair

Dr. Belldegrun serves as our Executive Chair and also provides consulting services through Bellco. Dr. Belldegrun contributes comprehensive, in-depth knowledge of our business, cell therapy generally and the global life sciences industry, as well as valuable

insights on leadership and strategy. Our Board believes that his advice and guidance to our senior leadership team and Board is essential to advancing our business.

Specifically, Dr. Belldegrun is actively involved as both Executive Chair of the Board and strategic consultant, including through the following activities:

- Presiding over all Board meetings;
- Attending weekly senior leadership team meetings and off-site strategy meetings;
- Reviewing and approving Board agenda items;
- Helping to recruit and assess potential directors;
- Overseeing Board and director evaluations;
- Reviewing Chief Executive Officer performance;
- Providing strategic advice to the Chief Executive Officer, as well as the rest of the senior leadership team and our Board, including on operational, financial and strategic matters;
- Assisting with efforts to recruit and retain key executive talent;
- Assisting management in growing Allogene and advancing clinical trials;
- Communicating efforts with investors;
- Contributing key scientific and medical knowledge; and
- Assisting with key relationships, including collaborators, licensors and clinical trial sites.

In addition to the above services, Dr. Belldegrun takes on executive responsibilities during any time-off taken by our CEO. In 2022, this included being present at our sites in the Bay Area to oversee continued operations of our company when our CEO took paid-time off.

Given Dr. Belldegrun's critical importance and deep involvement in Allogene, the Compensation Committee recommended and our Board approved an equity grant in March 2022 that was approximately two-thirds the value of the grant to our CEO. Any compensation matters and decisions relating to Dr. Belldegrun and Bellco are reviewed outside of Dr. Belldegrun's presence by both the Compensation Committee and the Board, and Dr. Belldegrun does not participate in the deliberations or determination of his own compensation.

Non-Employee Director Compensation Policy

Our non-employee director compensation policy includes:

- an annual cash retainer of \$40,000;
- an additional annual cash retainer of \$12,500, \$7,500 and \$5,000 for service as a member of the Audit Committee, Compensation Committee and the Nominating and Corporate Governance Committee, respectively;

- an additional cash payment of \$3,500 per meeting for each other member of the International and Business Development Oversight Committee;
- an initial option grant, vesting in 36 equal monthly installments, and/or an initial restricted stock unit award, vesting annually (or, commencing in 2023, semi-annually in the case of restricted stock unit awards) over a three-year period from the date of grant, having an aggregate grant date value of \$850,000, with the director designating the proportionate share between the initial option grant and initial restricted stock unit award prior to or on the date of grant; and
- an annual option grant, vesting in 12 equal monthly installments, and/or an annual restricted stock unit award, vesting on the one-year anniversary of the date of grant (or, commencing in 2023, semi-annually over a one-year period in the case of restricted stock unit awards), having an aggregate grant date value of \$425,000, with the director designating the proportionate share between the annual option grant and annual restricted stock unit award prior to or on the date of grant. The annual grants will be made on the date of each of our annual meetings of stockholders.

Each of the equity awards described above will vest and become exercisable subject to the non-employee director’s continuous service with us through each applicable vesting date, provided that each option and restricted stock unit award will vest in full upon a change of control of the Company, as defined under our EIP. The stock options and restricted stock unit awards will be granted under our EIP.

In consultation with Compensia, the Compensation Committee and specifically Mr. Bonderman and Mr. DeYoung reviewed the non-employee director compensation policy and concluded that no changes were warranted in 2022. Neither Mr. Bonderman nor Mr. DeYoung accept any compensation for serving on our Board of Directors.

Initially, the aggregate number of shares of our common stock that may be issued under the EIP is 20,432,250 shares. Additionally, on January 1 of each year, commencing on January 1, 2019 and ending on January 1, 2028, the number of shares authorized for issuance under the 2018 Plan is automatically increased by a number equal to: (a) 5% of the total number of shares of capital stock outstanding on December 31 of the preceding calendar year; or (b) such lesser number of shares of common stock as is determined by our Board or the Compensation Committee for the applicable year. All shares of our common stock reserved and available under the EIP shall constitute the maximum aggregate number of shares of common stock that may be issued through incentive stock options. As of December 31, 2022, the number of outstanding awards under column (a) includes: (1) 17,569,575 shares issuable upon the exercise of outstanding options at a weighted-average exercise price of approximately \$12.90 and (2) 5,493,406 shares issuable upon the vesting of outstanding restricted stock units. The ESPP authorizes the issuance of 1,160,000 shares of our common stock pursuant to purchase rights granted to our employees or to employees of any of our designated affiliates. On January 1 of each year, commencing on January 1, 2019 and ending on January 1, 2028, the number of shares authorized for issuance under the 2018 ESPP is automatically increased by a number equal to the lesser of: (a) 1% of the total number of shares of capital stock outstanding on December 31 of the preceding calendar year; (b) 2,320,000 shares; or (c) such lesser number of shares of Common Stock as is determined by our Board or the Compensation Committee for the applicable year. The ESPP is intended to qualify as an “employee stock purchase plan” within the meaning of Section 423 of the Code.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Our executive officers, including our Named Executive Officers, are entitled to certain severance and change of control payments and benefits pursuant to our change in control and severance benefit plan (the “Change in Control Plan”). The Change in Control Plan provides for, in the event of an involuntary termination of employment without “cause” or a resignation with “good reason,” and

subject to our receipt of an effective waiver and release of claims from the executive, a combination of (1) cash severance for the severance period and (2) the payment or reimbursement of premiums for continuation of coverage under group health plans for the severance period. The severance period is 24 months in the case of our Chief Executive Officer, and 12 months in the case of our other Named Executive Officers.

In the event that the involuntary termination of employment occurs within the period commencing three months before and ending 12 months after a change in control of the Company, then the participants in the Change in Control Plan are entitled to the same benefits described above, but the severance period is 18 months for our Chief Financial Officer, Chief Medical Officer and Executive Vice President of Research and Development, Chief Technical Officer and General Counsel. In addition, our Chief Executive Officer would be entitled to 200% of his annual target bonus and our other Named Executive Officers would be entitled to 150% of each Named Executive Officer's annual target bonus, and each of our Named Executive Officers would be entitled to accelerated vesting of outstanding equity compensation awards.

Under the Change in Control Plan, the term “cause” generally means (i) the employee’s commission of any crime involving fraud, dishonesty or moral turpitude; (ii) the employee’s attempted commission of or participation in a fraud or act of dishonesty against us that results in (or might have reasonably resulted in) material harm to our business; (iii) the employee’s intentional, material violation of any contract or agreement between us and the employee or any statutory duty that the employee owes to us; or (iv) the employee’s conduct that constitutes gross insubordination, incompetence or habitual neglect of duties and that results in (or might have reasonably resulted in) material harm to our business. The term “change in control” generally means (1) the acquisition by any person or company of more than 50% of the combined voting power of our then outstanding stock, (2) a merger, consolidation or similar transaction in which our stockholders immediately before the transaction do not own, directly or indirectly, more than 50% of the combined voting power of the surviving entity (or the parent of the surviving entity) in substantially the same proportions as their ownership immediately prior to such transaction, (3) a sale, lease, exclusive license or other disposition of all or substantially all of our assets other than to an entity more than 50% of the combined voting power of which is owned by our stockholders in substantially the same proportions as their ownership of our outstanding voting securities immediately prior to such transaction, or (4) a complete dissolution or liquidation of the company.

The term “good reason” generally means (i) a material reduction of such employee’s annual base salary, which is a reduction of at least 10% of such employee’s base salary (unless pursuant to a salary reduction program applicable generally to the Company’s similarly situated employees); (ii) a material reduction in such employee’s authority, duties or responsibilities; (iii) a relocation of such employee’s principal place of employment with the Company (or successor to the Company, if applicable) to a place that increases such employee’s one-way commute by more than 50 miles as compared to such employee’s then-current principal place of employment immediately prior to such relocation (excluding regular travel in the ordinary course of business).

The following table provides an estimate of the potential payments and benefits pursuant to the Change in Control Plan, which could occur upon termination of the employment of our Named Executive Officers, including in connection with a change of control of the Company, assuming a triggering event occurred on December 31, 2022:

(1) The value of the accelerated vesting of the outstanding stock options and restricted stock unit awards is based on the closing market price of \$6.29 per share of our common stock on December 30, 2022, less, in the case of the stock options, the exercise price of the unvested stock option shares subject to acceleration.

TRANSACTIONS WITH RELATED PERSONS

Related-Person Transactions policy and Procedures

We have adopted a written related-person transactions policy that sets forth our policies and procedures regarding the identification, review, consideration and oversight of “related-person transactions.” For purposes of our policy only, a “related-person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants involving an amount that exceeds \$120,000. Transactions involving compensation for services provided to us as an employee, consultant or director are not considered related-person transactions under this policy. A related person is any executive officer, director, nominee to become a director or a holder of more than 5% of our common stock, including any of their immediate family members and affiliates, including entities owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our Audit Committee (or, where review by our Audit Committee would be inappropriate, to another independent body of our Board) for review. The presentation must include a description of, among other

things, all of the parties thereto, the direct and indirect interests of the related persons, the purpose of the transaction, the material facts, the benefits of the transaction to us and whether any alternative transactions are available, an assessment of whether the terms are comparable to the terms available from unrelated third parties and management's recommendation. To identify related-person transactions in advance, we rely on information supplied by our executive officers, directors and certain significant stockholders. In considering related-person transactions, our Audit Committee or another independent body of our Board takes into account the relevant available facts and circumstances including, but not limited to:

- the risks, costs and benefits to us;
- the impact on a director's independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the terms of the transaction;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties.

In the event a director has an interest in the proposed transaction, the director must recuse themselves from the deliberations and approval.

Certain Related-Person Transactions

The following sections summarize transactions since January 1, 2022 to which we have been a party, in which the amount involved in the transaction exceeded \$120,000 and in which any of our directors, executive officers or, to our knowledge, beneficial owners of more than 5% of our capital stock, including any of their immediate family members and affiliates, including entities owned or controlled by such persons, had or will have a direct or indirect material interest, other than equity and other compensation, termination, change in control and other arrangements, which are described under "Executive Compensation" and "Director Compensation."

Pfizer Asset Purchase Transaction

PF Equity Holdings 2 B.V. held 22,032,040 shares of our common stock based on the Schedule 13D/A filed on September 17, 2021 with the SEC. According to the Schedule 13D/A filing, PF Equity Holdings 2 B.V. is a wholly-owned subsidiary of Pfizer Inc. ("Pfizer") formed for the purpose of holding certain assets owned or controlled by Pfizer or its direct or indirect subsidiaries. Based on a Form 4 filed on April 4, 2022 by PF Equity Holdings 2 B.V., Pfizer held the 22,032,040 shares as of March 31, 2022.

In April 2018, we entered into an Asset Contribution Agreement (the "Pfizer Agreement") with Pfizer pursuant to which we acquired certain assets and assumed certain liabilities from Pfizer, including a Research Collaboration and License Agreement with Cellectis S.A. and an Exclusive License and Collaboration Agreement with Les Laboratoires Servier SAS and Institut de Recherches Internationales Servier SAS (collectively, "Servier"), and other intellectual property for the development and administration of CAR T cells for the treatment of cancer.

As consideration for the purchased assets, we issued Pfizer 3,187,772 shares of our Series A-1 Preferred Stock. In addition, we are required to make milestone payments upon successful completion of regulatory and sales milestones on a target-by-target basis for certain targets, including CD19 and BCMA, covered by the Pfizer Agreement. The aggregate potential milestone payments upon successful completion of various regulatory milestones in the United States and the European Union are \$30 million or \$60 million per target (depending on the target, and \$840.0 million for all targets), provided that we are not obligated to pay a milestone for regulatory approval in the European Union for an anti-CD19 allogeneic CAR T cell product, to the extent Servier has commercial rights to such territory. The aggregate potential milestone payments upon reaching certain annual net sales thresholds in North America, Europe, Asia, Australia and Oceania, which we refer to as the Territory, for a certain number of targets covered by the Pfizer Agreement are \$325.0 million per target. Concurrently with our entry into the Pfizer Agreement, we and Pfizer entered into a letter agreement pursuant to which Pfizer granted us, in partial consideration for our milestone and royalty payment obligations under the Pfizer Agreement, an option to expand the Territory to include some or all of the rest of the world at our election. We may exercise the option at any time during the 12 year period following closing of the asset acquisition under the Pfizer Agreement.

Pfizer is also eligible to receive, on a product-by-product and country-by-country basis, (i) royalties in the low single-digit percentage on annual net sales in the United States for products commercialized by us targeting certain targets, including CD19, covered by the Pfizer Agreement, and (ii) tiered marginal royalties ranging from the low to mid-single-digit percentages on annual net sales in any country in the world for products commercialized by us targeting certain other targets covered by the Pfizer Agreement. The royalties in the foregoing clauses (i) and (ii) are subject to reduction for products not covered by certain patent claims or for future required licenses of third party intellectual property. Our royalty obligation with respect to a given product in a given country, which we refer

to as the Pfizer Royalty Term, begins upon the first sale of such product in such country and ends on the later of (i) expiration of the last claim of a defined set of patent rights, in each case covering such product in such country or (ii) 12 years from the first sale of such product in such country.

Under the Pfizer Agreement, we are required to use commercially reasonable efforts to develop and seek regulatory approval in and for the United States and the European Union for certain products covered by the Pfizer Agreement and to commercialize each product covered by the Pfizer Agreement in the applicable royalty territory in which regulatory approval for such product has been obtained. We also agreed to offer employment to certain Pfizer employees on terms no less favorable than the terms such employees enjoyed while being employed by Pfizer. We hired 39 employees from Pfizer pursuant to the terms of the Pfizer Agreement.

Pfizer is required, subject to certain limitations, to indemnify us against damages arising out of any breach or inaccuracy in the representations or warranties made by Pfizer, any breach of a covenant by Pfizer or any liability not acquired by us. Likewise, we are required, subject to certain limitations, to indemnify Pfizer against damages arising out of any breach or inaccuracy of our representations and warranties, any breach of a covenant made in the agreement or the related patent and know-how license agreement by us, including any practice of intellectual property outside of the scope of the license granted to us, or any assumed liability.

Investors' Rights Agreement

Pursuant to an investors' rights agreement, dated April 6, 2018, as amended, between us and certain of our stockholders, including certain holders of more than five percent of our capital stock and entities affiliated with certain of our directors, Dr. Chang, Mr. Kazam, Dr. Belldgrun, Dr. Witte and Dr. Humer, each of the directors of our company, as well as Pfizer, entities affiliated with TPG Carthage Holdings, L.P. and entities affiliated with VVAG Special Fund LLC, are entitled to certain demand registration rights, piggyback registration rights and Form S-3 registration rights.

Consulting Arrangements

In June 2018, we entered into a consulting agreement with Two River, LLC ("Two River"). Arie Belldgrun, M.D., the Executive Chair of our Board and Joshua Kazam, a member of our Board, are each partners of Two River, and David Chang, M.D., Ph.D., our President and Chief Executive Officer, is a venture partner of Two River. Pursuant to the consulting agreement, Two River provides strategic, financial, business development and secretarial consulting services and is compensated for such services. We paid Two River an aggregate of \$0.7 million in consulting fees in 2022. Dr. Belldgrun and Dr. Chang do not receive any salary, commission or other fees for serving as partners of Two River.

In August 2018, we entered into a consulting agreement with Bellco Capital LLC ("Bellco"). Bellco is owned by our Executive Chair, Arie Belldgrun, M.D., as co-trustee of the Belldgrun Family Trust, and Dr. Rebecka Belldgrun, as co-trustee of the Belldgrun Family Trust, and Dr. Arie Belldgrun is the Manager of Bellco. Pursuant to the consulting agreement, Bellco provides certain services for us, which are performed by Dr. Arie Belldgrun and include without limitation, providing advice and analysis with respect to our business, business strategy and potential opportunities in the field of allogeneic CAR T cell therapy and any other aspect of the CAR T cell therapy business as we may agree. In consideration for these services, we paid Bellco \$40,217 per month in 2022. In recognition of the extraordinary performance of Bellco and in helping us meet our 2022 corporate goals, an annual performance award in an amount of \$0.3 million was paid to Bellco in 2023. The Company made no changes to the monthly payment to Bellco for 2023. We also reimburse Bellco for out of pocket expenses incurred in performing the services.

Sublease Agreement

In December 2018, we subleased approximately 1,290 square feet of office space in Los Angeles, California, from Bellco. The sublease has a three-year term, which was extended to June 30, 2025, subject to certain early termination rights. Commencing in September 2018, we pay monthly base rent of approximately \$6,500, increasing 3.5% per year, subject to rent abatement from November 2018 through May 2019. The monthly base rent will total approximately \$220,000 for the full term of the sublease. We also contributed to certain tenant improvements to the space totaling approximately \$75,000. The monthly base rent and related occupancy costs are pass-through costs to the master landlord or other third parties and no portion is retained by Bellco.

In February 2023, we subleased an additional 3,123 square feet of office space in Los Angeles, California, from Bellco. The sublease term is 115 months, subject to certain early termination rights. The sublease is expected to commence January 1, 2024. We paid approximately \$22,000 towards the monthly base rent due for the first month of the sublease term. Monthly base rent will be approximately 12% of the monthly base rent pursuant to the master lease, subject to rent abatement. We also expect to contribute to certain tenant improvements to the space totaling our share of the total tenant contribution. The monthly base rent and related occupancy costs are pass-through costs to the master landlord or other third parties and no portion is retained by Bellco.

Indemnification Agreements

We have entered into, and intend to continue to enter into, separate indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our amended and restated bylaws. These agreements, among other things, require us to indemnify our directors and executive officers for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of their services as one of our directors or executive officers or any other company or enterprise to which the person provides services at our request. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against directors and officers, even though an action, if successful, might benefit us and our stockholders. A stockholder's investment may be harmed to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Director Independence

For information regarding our director and committee member independence, please see the sections above headed "Information Regarding the Board of Directors and Corporate Governance—Independence of the Board of Directors" and "Information Regarding the Board of Directors and Corporate Governance—Information Regarding Committees of the Board of Directors," which are incorporated into this section headed "Transactions with Related Persons" by reference.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Company stockholders will be “householding” the Company’s proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, please notify your broker or the Company. Direct your written request to Allogene Therapeutics, Inc., Secretary, 210 East Grand Avenue, South San Francisco, California 94080, or call us at (650) 457-2700. Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials at their addresses and would like to request “householding” of their communications should contact their brokers.
